Sir:

In response to the Office Action mailed January 12, 2006, the Applicants provide this response. The 1-12-06 Office Action took the position that the amendment mailed on 10-19-05 in this application was not fully responsive because it did not include discussions pointing out specific distinctions believed to render newly added claims 39-42 patentable over the applied references.

Amendment to the Claims (no amendment to claims is provided herein; however a listing of the presently pending claims is provided beginning on page 2 of this paper).

Remarks/Arguments begin on page 7 of this paper.
